PRESS RELEASE

Lamka, The 15th May, 2023

The Media & Publicity department of the Indigenous Tribal Leaders' Forum (ITLF) would like to make known to the general public that we have not received any relief help and support from the government of Manipur till date. Despite thousands of our people are being rendered homeless and has been displaced, no support in terms of food and basic amenities are provided to them by the government of Manipur.

There are about 30 relief centers in our district. So far it is our ITLF Relief Team who look after them. The ITLF Relief team have collected helps and supports among ourselves.
